Bangalore, India

CAREER OBJECTIVE

Enthusiastic AI & Data Science student with hands-on experience in building AI-powered web applications, local LLM integration and data visualization. Skilled in Python, Flask, Ollama and Tableau with a passion for building real-world AI solutions.

EDUCATION

- Bachelors of Engineering- Artificial Intelligence and Data Science (pursuing)**

CMR Institute of Technology,
Bengaluru
CGPA:7.94,2027

- Pre-University Course- Science**

Geetanjali Olympiad, Bengaluru
Percentage - 71.20%, 2023

- 10 th Grade**

New Horizon Gurukul, Bengaluru
Percentage - 76.66%, 2021

SKILL

- Languages:** Languages: Python, SQL, NoSQL (Basics), C (Basics)
- AI/ML:** Machine Learning (Basics), LLM Applications, Computer Vision (Basics)
- Libraries:** Pandas, NumPy, Matplotlib
- Tools:** Ollama, Git, Jupyter Notebook
- Web:** Flask, HTML, CSS
- Data Visualization:** Tableau, Power BI, Matplotlib

WORK EXPERIENCE

- CSIR – Fourth Paradigm Institute (CSIR-4PI)**

July 2025 – October 2025

- Role:** Data Processing & Research Intern
- Performed data preprocessing and cleaning for structured datasets used in AI-based research projects.
- Contributed to developing a sign language recognition model focused on CBSE educational content.
- Conducted exploratory data analysis and supported workflow automation for research efficiency.
- Collaborated on technical documentation, debugging, and research-oriented problem-solving activities.
- Tech Stack:** Python, Pandas, NumPy, Machine Learning, Data Preprocessing, OpenCV

PROJECTS

Smart Hospital Appointment System

- Role:** Full Stack AI Developer
- Built an AI-powered hospital appointment system that analyzes patient symptoms and assigns doctors based on severity and risk level.
- Integrated Ollama (local LLM) to evaluate symptoms and classify severity as Low, Medium, High or Critical for priority-based appointment scheduling.
- Developed smart doctor assignment logic based on specialization, experience level and availability using Flask backend.
- Visualized real time appointment data including severity breakdown and doctor workload using Tableau dashboard fed from a live CSV pipeline.
- Tech Stack:** Python, Flask, Ollama, HTML, CSS, CSV, Tableau

CERTIFICATIONS

- Certified in Python for Beginners from Udemy
- Certified in Data Science with Python from NPTEL
- Certified in Introduction to Generative AI from Google
- Certified in Agile and Scrum Training from Infosys Springboard
- Certified in Web Development from Infosys Springboard

ACHIEVEMENTS & ACTIVITIES

- Secured 3rd Prize in Mini Project Exhibition for Vigil Netra
- Google Student Ambassador Gemini AI Movement
- Participated in Smart India Hackathon 2025
- Rotaract Club, CMRIT – Support Team Member

Secure QR Code Payment Generator

- **Role:** Full Stack Developer
- Developed a web application that generates a scannable QR code for digital payments.
- Implemented backend using Flask and Python qrcode library to generate QR codes dynamically.
- Embedded UPI payment data into the QR code, enabling direct scan-to-pay via GPay and other UPI apps.
- Designed a clean frontend interface using HTML and CSS to display the generated QR code.
- **Tech Stack:** Python,HTML, CSS, QR Code Library (qrcode)

Vigil Netra – Automotive Black Box & Safety System

- **Role:** AI/ML & Embedded Systems Developer
- Developed an AI-based vehicle safety and accident monitoring system using GPS, GSM, motion sensors, and AIS-140 standards.
- Implemented real-time crash detection, vehicle tracking, and emergency alert mechanisms.
- Integrated machine learning-based impact analysis and driver drowsiness detection features.
- Worked on edge computing concepts for faster real-time processing and response handling.
- **Tech Stack:**Python, Machine Learning, TensorFlow, Scikit-Learn, Embedded Systems, AIS-140, Edge Computing, Cloud Integration

PERSONAL DETAILS

- | | |
|--------------------------|-------------------------------------|
| • DOB | :25th December 2004 |
| • Gender | :Female |
| • Nationality | :Indian |
| • Languages Known | :English,Kannada,Telugu, Hindi |
| • Hobbies | :Reading books, Badminton, Painting |
